Re:Confirmation of 684 & 1152 AM station

Dear Arnstein,

This is to confirm that I have received your MP3 attachments and hereby confirm that it was our Public Service Broadcast station that you did listened to.

The station is known as Radio Fiji One, or in our local language we call it Domoiviti, which is the only radio station that has the reach 100 per cent Fiji wide, that is covering more than 300 small islands around the country.

I also take this opportunity to thank you sincerely for taking that valuable time of yours in reminding us that we are not only heard in the South Pacific but as far as your beautiful country.

Should your need further information, please do not hesitate to keep in touch with me on my email address.

Yours sincerely,
Sitiveni Halofaki
Director Fijian Programmes
